

# Registration Timeline

## February 1st-28th:

Sign-up form opens. This will be a simple form collecting contact information, residence, age, grade, etc. (payment and full registration forms will come later)

## March 1st:

The general waitlist will open and remain until camp. Interested families who missed the sign-up window can provide their information for future communications and be contacted if camp spots still remain.

## March 10th:

We will announce camp spots through direct email invitations. Staff will have sorted applications and randomly drawn names when sign-ups exceed spots available.

## March 25th:

Families have until **March 25th** to accept a spot and complete the camp registration. Additional spots may become available if registration spots are turned down, which will trigger the next person in line to get an invitation. If registration is still not full, we will invite those on the general waitlist to enroll on a first-come, first-served basis.

We are aware that this is a more complex process and may cause some uncertainty or confusion about registration. We will do our best to stay on top of communications and answer any questions. Ultimately, we believe this change will benefit more people, and we appreciate your patience as we work to ensure camp remains accessible.
